Grants matching your search for 2013-14 *Tire Incentive Program (TIP1)*

Los Angeles County

Grantee: KMC Acquisition Corporation

Amount Awarded: \$500,000.00

Grantee Contact: Mr. Edward Reker

CalRecycle Grant manager: Noel Davis

Project Summary: Kirkhill is an 18 year old profitable rubber manufacturing company. We produce molded rubber products and custom mix rubber. Our goal is to reformulate 7 of our products to be able to incorporate up to 50% crumb rubber into virgin compounds.

TRAFFIC DELINEATOR BASES: Kirkhill plans to reformulate the base compound for better processing and incorporate 50% of feedstock conversion and fine mesh crumb rubber into the product. Our approximate annual usage will be 1,657,000 lbs per year with 837,500 lbs. attributed to crumb rubber. The company anticipates it will take 1 month to reformulate and test the recipe. The company may be eligible for \$643,000 (837,500 X 1.92 years X .40 per lb.)

SPONGE RUBBER GASKETS: Kirkhill plans to reformulate the gasket compound to improve the compression set and incorporate 20% of feedstock conversion and fine mesh crumb rubber. Our approximate annual usage will be 355,000 lbs per year with 71,000 lbs attributed to the crumb rubber. It will take 3 months to reformulate the recipe and test the product. The company may be eligible for \$49,700 (71,000 pounds X 1.75 years X .40 per pound).

PIPE COUPLINGS: Kirkhill plans to reformulate the recipe for the couplings used for drain pipes for both commercial and government usage. The compound will be changed from virgin material to 25% crumb rubber. It will take 1 month to reformulate and test the material. Our approximate annual usage is 320,000 lbs with approximately 25% or 80,000 lbs being crumb rubber. The company may be eligible for \$61,440 (80,000 lbs X 1.92 years X .40 pound).

SEWER PIPE REIBER GASKET: Kirkhill plans to reformulate the recipe for the gaskets to incorporate 25% crumb rubber. It will take 3 months to reformulate and test the material. Our approximate annual usage is 175,000 lbs with approximately 25% or 43,750 lbs. of crumb rubber. The company may be eligible for \$30,625 (43,750 lbs. X 1.75 years X .40 pound).

GENERAL PURPOSE 60 DURO CALENDAR SHEET GASKET: Kirkhill will reformulate their recipe for the calendar sheet to include 20% crumb rubber in the compound. It will take 1 month to reformulate and test the material. Our approximate annual usage is 350,000 lbs with approximately 20% or 70,000 lbs. of crumb rubber. The company may be eligible for \$53,760 (70,000 lbs. X 1.92 years X .40 pound).

GENERAL PURPOSE 70 DURO CALENDAR SHEET GASKET: Kirkhill will reformulate their recipe for the calendar sheet to include 20% crumb rubber in the compound. It will take 1 month to reformulate and test the material. Our approximate annual usage is 350,000 lbs with approximately 20% or 70,000 lbs. of crumb rubber. The company may be eligible for \$53,760 (70,000 lbs. X 1.92 years X .40 pound).

PLUNGER: Kirkhill will reformulate their recipe to include 25% feedstock conversion and fine mesh rubber into the virgin compound. It will take up to 2 months to test and reformulate the product. Our approximate annual usage will 100,000 lbs. with approximately 25% or 25,000 lbs crumb rubber. The company may be eligible for \$18,000. (25,000 lbs. X 1.8 years X .40 pound).

Grantee: Three D Plastics, Inc.

Amount Awarded: \$478,229.00

Grantee Contact: Frank Dvoracek

CalRecycle Grant manager: Noel Davis

Project Summary: Support improvements in manufacturing capability and the marketing of existing product to Home Depot. Develop a square rubber base (new product) that is designed to compete in the Canadian traffic devices market. Improve and support manufacturing and inventory capability and for solar racking hardware products. Develop a traffic cone that combines a plastic cone with crumb rubber base in a new design.

Total Awarded for County:\$978,229.00

Merced County

Grantee: Rubber Bark, Inc.

Amount Awarded: \$437,500.00

Grantee Contact: Mrs Jana Nairn

CalRecycle Grant manager: Noel Davis

Project Summary: Rubber Bark will manufacture a 5/8" industrial mat. This mat is reconfigured to optimize cost competitiveness and marketability against competing mats currently imported from Oregon, Canada and China.

Total Awarded for County:\$437,500.00

Riverside County

Grantee: Environmental Molding Concepts LLC

Amount Awarded: \$118,898.00

Grantee Contact: Mr David Higgins

CalRecycle Grant manager: Noel Davis

Project Summary: This project consists of incremental increases in crumb rubber use as well as conversion of existing products using virgin EPDM rubber to crumb rubber. Total incremental crumb rubber use is expected to be 1,088,618 pounds with 250,548 pounds in the existing TDP Category and 838,070 pounds in the Conversion Category for a total of \$192,668 in grant incentive payments.

Total Awarded for County:\$118,898.00

San Bernardino County

Grantee: Millennium Molding, Inc.

Amount Awarded: \$451,000.00

Grantee Contact: Richard Posiviata

CalRecycle Grant manager: Noel Davis

Project Summary: Ballistic Tiles - New and existing TDP
Lawn Edgings - New and existing TDP
Roof supports - New and existing TDP

Estimated- 4,510,000 lbs of rubber for all TDP products.

Grant amount requested \$451,000.00

Grantee: U.S. Rubber Recycling, Inc.

Amount Awarded: \$483,375.00

Grantee Contact: Mr. Rick Snyder

CalRecycle Grant manager: Noel Davis

Project Summary: U.S. Rubber intends to use the proceeds from this grant to lower the sales cost of its commercial acoustic underlayment as well as its fitness flooring Survivor brand rolls and tiles. Both of these markets have low cost alternatives and this grant will be key factor in helping us gain market share. While both market segments are quite large, the market for the underlayment has enormous potential.

Total Awarded for County:\$934,375.00

Stanislaus County

Grantee: Jessop Holding Co. LLC

Amount Awarded: \$158,550.00

Grantee Contact: Mr Loren Jessop
CalRecycle Grant manager: Noel Davis
Project Summary: We will be manufacturing and selling Rubber weight plates to Cross Fit Workout Facilities. We will also be manufacturing rubber bases for traffic cones

Total Awarded for County:\$158,550.00

Grant Count: 7	Grand Total for Selected Counties: \$2,627,552.00
